Ages and Stages Initiative

The **Ages and Stages Initiative** is a project coordinated by a Sub-committee of the Revelstoke Early Childhood Development Committee to ensure that all families of **three year old children** have the opportunity to fill in an Ages and Stages Questionnaire at 36 months.

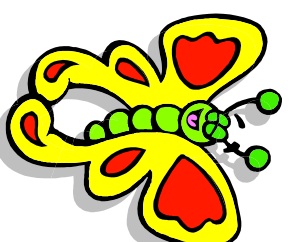

The Ages and Stages Questionnaire (ASQ) is a simple questionnaire that provides a quick check of your child's development and an opportunity to learn about developmental milestones and fun learning activities .

We are here to help:

If you have any questions about your child's development no matter what age he or she is, ask your community early learning and care service provider.

For information on the Ages and Stages Initiative or to ask where to get a questionnaire, contact the Early Childhood Development Committee at

250-837-6669

Because the early years are critical to a healthy mind and body for life.

This project will start in January 2010
